

MITSUMI Bluetooth Adaptors

WML-C51APR

- Transmission range up to 100m
- With hinge for simpler handling
- Simple connection via an USB port
- Including Widcomm software

Wireless communication - quick and simple

With the MITSUMI Bluetooth Adaptor Class1 you can take advantage of adding Bluetooth functionality to any laptop or PC with USB ports allowing you to communicate and work together with other Bluetooth components. The adaptors have a range up to 100 meters which makes it ideal for the setup of a PAN (personal area network) in the office environment.

Typical applications include wireless communication with Bluetooth enabled palm devices, organizers, mobile phones and printers. Due to its low-weight and minimum size, you can take the MITSUMI Bluetooth adaptors with you anywhere, making it ideal for notebooks. Simple installation and rotatable hinges ensure easy handling.

Technical Specifications: WML-C51APR

Model:	WML-C51APR
Interface:	USB 1.1, Bluetooth 1.1
Transmission range:	0 – 100 m
Supported profiles:	Generic Access, Service Discovery Application, Serial Port, LAN Access, Dial-up Networking, Fax, Object Push, File Transfer, Synchronisation, Generic Object Exchange
Software:	Widcomm
Supported applications:	Bluetooth Serial Port, Network Access, Dial-up Networking, PIM Item Transfer, PIM Synchronisation, File Transfer, FAX, Headset, Audio Gateway.
Max. data transfer rate:	723,2 kbps / 57,6 kbps (asymetrisch), 433,9 kbps (symetrisch)
RF Band:	2400MHz - 2483,5MHz
Weight:	9,5 g
Operating system:	Windows 98 SE®/ME®/2000®/XP®
Modulation:	FHSS/GFSK 1 MBit/s, 1600 hop/s
Electricity consumption:	80mA standard

System Requirements:

PC with minimum: Pentium®II 300MHz processor, 64MB RAM, minimum Windows 98 SE®
